Ella Noyes, Anthony  
Phelps, Mustafa Al Awadi,  
Mehrad Mostaan

# Sections of Presentation

Problem Statement

Solution Overview

Competitive Edge

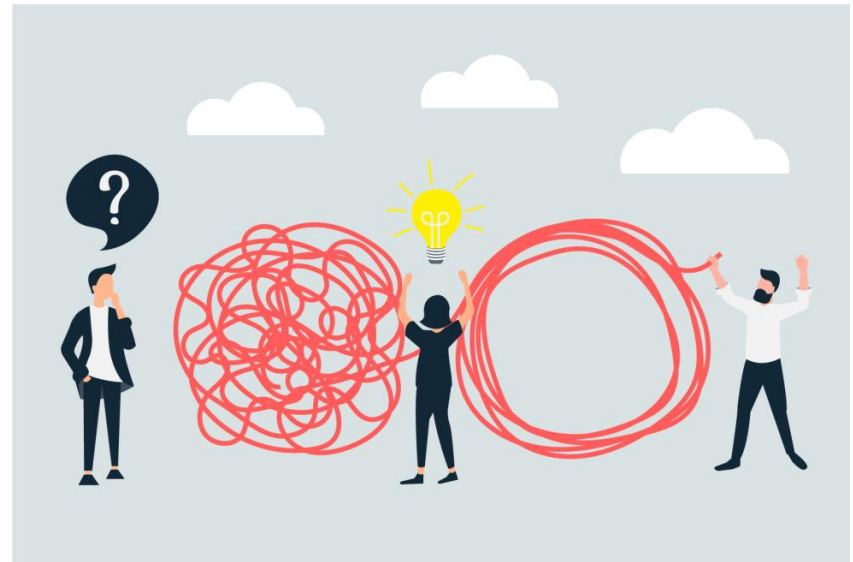

Product Overview

Process Overview

Demo

# Peer Assessment

- Peer assessment is crucial in academics.
- Both students and instructors encounter challenges.
- Instructors struggle with forming new groups.
- Students find it difficult to rate peers effectively

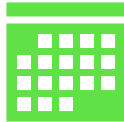

## A Peer Assessment Website

- A responsive website for both instructors and students.
- Instructor can upload names, groups of students, and can create groups.
- A student can see their name in the existing group and can rate their teammates.

# Proposed Features

Forget password

Calendar

Students have  
unique info (no  
duplicate)

Relax and Chill

# User Friendly

---

- Simple navigation
- Responsive
- Maintainable
- Dynamic database
- Latest imported names

# Product Overview

# Frameworks Used

- MongoDB
- Express
- React.Js
- Node.Js

# Languages

Javascript

Lines of  
Code:

66 630

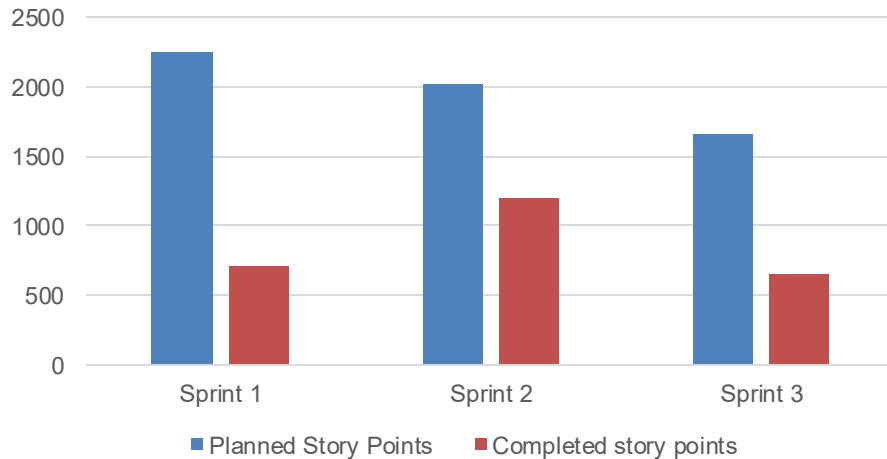

# Number of Web Pages

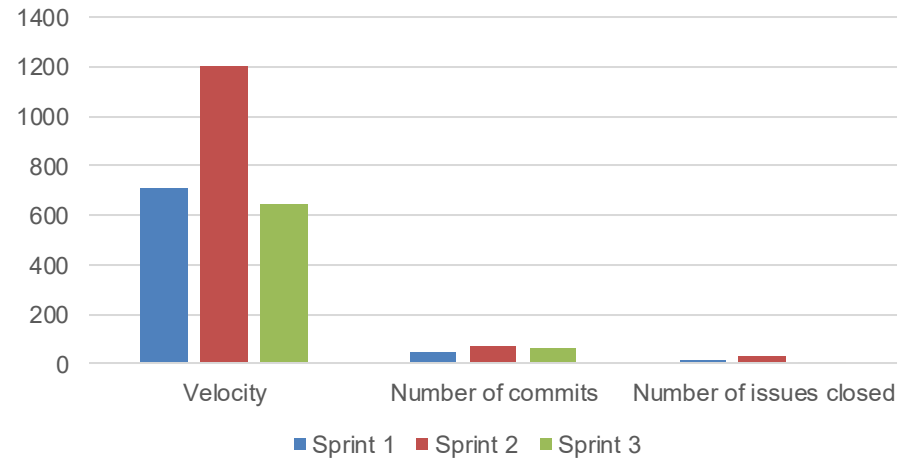

5

# Process overview

## Velocity Chart

## Sprint Performance Overview

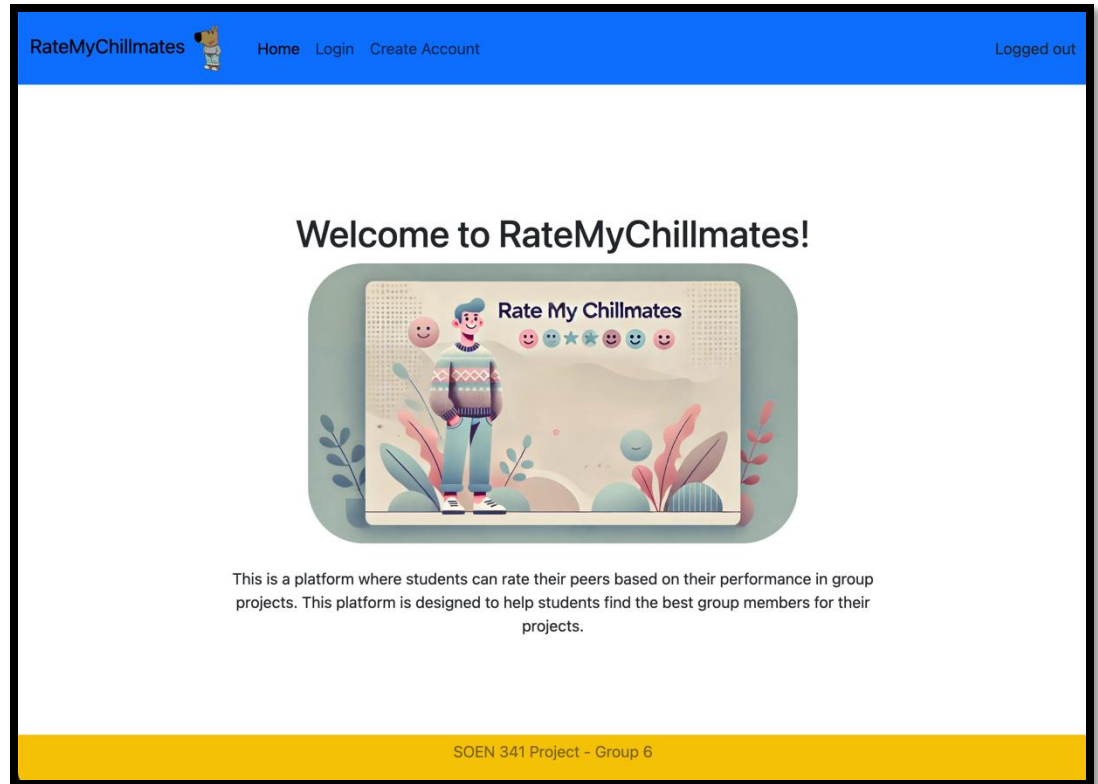

- Sprint 1: 47 Commits, 15 Issues Closed
- Sprint 2: 71 Commits, 28 Issues Closed
- Sprint 3: 67 Commits, 7 Issues Closed
- Sprint 4: 29 Commits
